

Products and Services

We are a multi-dimensional, full service company offering comprehensive and customized security solutions. By utilizing the latest in electronic security protection and highly trained security officers, we are able to enhance the total security program while reducing costs. This is possible because the most effective security programs are an integrated blend of both physical security and electronic security tailored to an environment. GSSC offers the following products and services to clients:

- Armed and Unarmed Security Officers
- Roving Patrol Vehicles
- Specialized Security Training
- Integrated Security Management Systems
- Security System Installation
- Fire and Sprinkler Monitoring
- 24-Hour U.L. Listed Monitoring
- CCTV Camera Systems
- Card Access Control Systems
- Remote Video Monitoring

Port Facility Security Services

Securing Ports
since 2004

Maritime Security

As Professional in the security industry since 1946, GSSC has the experience and qualifications to meet your maritime security needs. Because GSSC offers a variety of security products, services and personnel, we are able to customize your maritime security program so you receive exactly the security you require while meeting current (United States Coast Guard) USCG regulations. We are pleased to offer you the following maritime security program.

Port Facility Security Services

GSSC maintains Port & Facility Security Officer's (PFSO), and trained management personnel to provide or assist your designated PFSO with security assessments, security plans, and implementation of the current USCG regulations and approved port and ship security procedures.

- Risk Management
- Facility Assessment
- Quarterly Drills
- Annual Exercises
- MARSEC Level Increases

Maritime Security Staff

We provide a wide range of maritime security trained personnel to accommodate any port facility manager's security specifications and USCG regulations. From CCTV monitoring to armed or advanced service application, we do it all:

- CCTV Monitoring Officers
- Access Control Officers
- Port Security Officers
- Ship Security
- Advanced Port Security
- Port Shuttle Officers

GSSC looks forward to evaluating your Maritime Security Program and presenting your organization with a customized Security solution that will meet and exceed your expectations.
